

ZYVORAI LABS · CUSTOMER DOCUMENTATION

Hermes

Getting Started

2026-08-29

What you need

See [Admin basics](#) for ports and auth. Summary:

Open the Hermes UI via NodePort or ingress from your chart.

1. Open the product

Open the Hermes UI via NodePort or ingress from your chart.

2. Sign in / authenticate

OIDC + API key.

3. Orient yourself

Use the quick map on the [customer docs home](#), then open the home surface (/).

4. First workflows

Follow [Common workflows](#) for the shortest useful paths.

Next steps

- [Using the Dashboard](#)
 - [Admin basics](#)
 - [Page guides](#)
-

Hermes is organized by navigation groups (sidebar, desktop nav, or CLI command groups). Use search / command palette when available.

Surfaces

Need	Path
Overview	/
Catalog	/apps
Spaces	/spaces
Discovery	/discovery
Health	/health

Browse vs act

Inventory and status views are safe to explore. Mutating actions (deploy, migrate, sign, remediate) follow role gates and confirmation dialogs — review impact first.
